

# ***Financial Assistance for Veterinary Services***

The Humane Society of the United States has an excellent page dedicated to financial assistance for veterinary services. It can be found at [www.hsus.org](http://www.hsus.org) . Look under “Pet Care” and then check the link for “What you can do if you are having trouble affording veterinary care.”

Veterinarians are often willing to work out a payment plan if you have trouble paying your bills. Some will even offer services at a discount. Check with your veterinarian first if you know it will be hard for you to pay for services.

## ***Financial Assistance and Loans***

Here are some financial assistance programs. Be aware that many of these are loans only and that you will most likely need a referral from your veterinarian.
